

## Launch Press Release

### Want to share your faith journey, your way?

It's finally here! The Grow app launches **Easter Sunday** (17<sup>th</sup> April); bringing healthy social media, mixed with Christian content from influencers, churches and organisations from around the world.

**Be a part of the journey.** Get the app now at <https://i.growfaith.co>

Connect with your friends, post what's happening, and see what Christian content creators are sharing across the globe to help build your faith. Join us on Grow to be a part of a positive and encouraging Christian community and share what interests you.

### Express your personality with your followers

- \* Add photos, GIFs and memes for your friends to see.
- \* Share your favourite worship songs or discover new ones.
- \* Design great looking Bible verse images with ease to add visual flair to your profile.

### Dive into the Word of God

- \* Devotional plans from around the world with songs, videos and images.
- \* Get recommendations based on the topics that interest you.
- \* Support for 7 different Bible translations including NLT, MSG, AMP and EASY.

### Go the extra step and get your church or local charity involved

Share your own devotionals and posts to your followers and the wider Grow platform. Help make Jesus known and be a part of what makes Grow special, by contributing and participating in a massive online community built for God's Kingdom.
